## To All Our Readers ....

We introduce with pleasure our first issue of the Gazette, which will cover St. Albert and the Sturgeon Municipal District.

For many years we were approached by our readers and advertisers in St. Albert, the Sturgeon Municipal District & Edm., to publish The Gazette for the whole Sturgeon Area. The 100 years close contact between the pioneers in St. Albert and the Sturgeon District has brought pleasant and friendly relationship between the two. Therefore a regular public communication medium is necessary after so many years which we hope you will find in "The Gazette." We realize that only co-operation between

our readers and staff can secure that "The Gazette" will fulfil this duty and purpose.

The Sturgeon District has a great history and had and has so many great men and women. We "The Gazette" hope to be a living part in this fine Community, serving all of you in a way as the history has taught us. Our door and our postbox is always open for any of your ideas and suggestions. We are human beings and therefore we can and do make mistakes. Please let us know if you think that some of our editing, news items, etc., need correcting or revisal. We from our desks hope whole-heartedly that you will supply us with your news (club, social,

church, school etc) as much as possible so that not only you but everybody in our Community can enjoy it. Our first issue is just trial to get our staff acquainted to the job they have to do. Our next issue will have the news and activities of the whole area. Please let us know if you didn't receive this first issue, in order for us to correct it.

All news items have to be at our office, Apex Building, Piron Street, St. Albert, not later than Monday noon. Our box is 69 St. Albert and our phone is 599-7144. Thank you very much for your generous co-operation.

W. J. Netelenbos.

## One Councillor Not Sure, Many Rumours ....

As Mayor Richard Fowler has already stated that he will seek re-election for the Mayorship of the Town of St. Albert during the 1966 October elections, we also asked Councillor Armand Donais and Councillor Bob Parkes (who's term of office will be completed in October) if they are planning to run again. Councillor Donais stated "I don't know for sure at the moment, so many things are involved to make up my mind. I must say that I have enjoyed my term as Councillor very much. I shall let you know about my decision in approximately 10 days."

Councillor Bob Parkes was on a fishing trip, with the help of his wife we were informed that Bob will certainly run again.

As nomination day is only 20 days ahead (September the 28th) many rumours are going about town mentioning names of citizens who are interested in one of the vacancies for Council. We do not intend to mention these "rumour names", but we certainly will give you the names as soon as the prospect candidates will admit it.

It is a remarkably quiet "pre-town election" time in St. Albert compared with other years. Can we expect some surprises or are we willing to back up the policies of present Council for another year—Time will tell us pretty soon!

As many rumours indicated that George Walker, chairman of the Prot. Sep., School District was planning to run for Mayor we can inform you that George will only seek re-election for the School Board.

AT LEAST ONE RUMOUR LESS!

## School Sidewalks

Continuation of the Regular Meeting of Council, held on Aug., 29th, 1966. ....

**FIRE PROTECTION MEETING:**  
M. D. of Sturgeon:  
A Report prepared by Mayor

Fowler on the meeting held with the Municipal District Council on July 26th, 1966, was now presented. Mayor Fowler added to the Report by advising that if the Town were to house a fire engine for rural fire fighting and man same, consideration may be given to bringing the equipment up to the standards of our own fire engine.

**SERVICE CHARGES TO PROPOSED MOTEL - Mr. Rees:**

Mr. Wheating advised that the request of Mr. Rees for service charges to his proposed motel development to be amortized had been considered by the Public Works Committee and referred back to Council without a recommendation. Councillor Donais further advised that it was the feeling of the Committee that this matter was already policy and that services to Commercial property would be installed on a prepaid basis only, and that a decision in this regard could only be made by Council. Councillor Gibbon referred to the Minutes of a previous meeting, and in particular to Res. (4137) - March 22nd, 1966, wherein it was decided not to deal with the question of commercial local improvement charges at that time, but that no change be made in the policy regarding residential development. A previous resolution (4136) had permitted industrial local improvements on a frontage tax basis. Councillor Gibbon felt that it had been Council's intention to consider each application on an individual basis, rather than establish a set policy for pre-

payment.

Council decided that local improvements to all future Commercial developments may be paid on a frontage basis.

Mr. Wheating advised that Mr. Rees would be notified of this change in policy.

**SIDEWALK TO SIR ALEXANDER MACKENZIE SCHOOL:**

Councillor Donais advised Council that he had looked into the situation regarding the location of the sidewalk to the S.A.M. School on Sir Winston Churchill Avenue and following an inspection of the area and discussion with Mr. Penrose the Secretary-Treasurer of the Separate School District, fully appreciated the request of the District for the sidewalk to be located on the South side of Sir Winston Churchill Avenue. He explained that the main concern was that of accommodating the extensive inter-school traffic from the High School to Sir Alexander MacKenzie. He also, however, concurred with the Town Engineer's recommendations that the sidewalk be constructed on the North side of the Avenue, and suggested that possibly the only solution would be to construct two sidewalks, one on either side. Considerable discussion followed on this item, after which it was agreed that the sidewalk be located according to Mr. Maandag's recommendations and that provision be made for a crosswalk from the South side over to the North side and the proposed sidewalk.

Council agreed that the Town Engineer's recommendation be proceeded with, with possibly some form of crosswalk protection regarding water and traffic, as suggested by Councillor Donais.

**ALBERTA FIRE TRAINING COURSE**

Mr. Wheating requested the permission of Council for Fireman Paul Poulin and Volunteer Fireman Frank Ricard to attend the Fire Training Course at Vermilion from September 19th, to the 23rd, 1966. Mr. Wheating also advised that Mr. Poulin would be away from his duties and that Mr. Ricard had saved a week of his annual holidays so that he could attend.

Council agreed that Fireman Paul Poulin and Volunteer Fireman Frank Ricard be authorized to attend Part III of the Fire Training Course, at Vermilion from September 19th, to the 23rd, 1966.

**LUTHERAN CHURCH GROUNDS:**

Councillor Bakker asked what the results were of the meeting Mr. Gate was to have had with the Architect, regarding the destruction of trees on the Lutheran Church site. Mr. Gate advised that he had requested that a proper

## MAYOR'S COLUMN

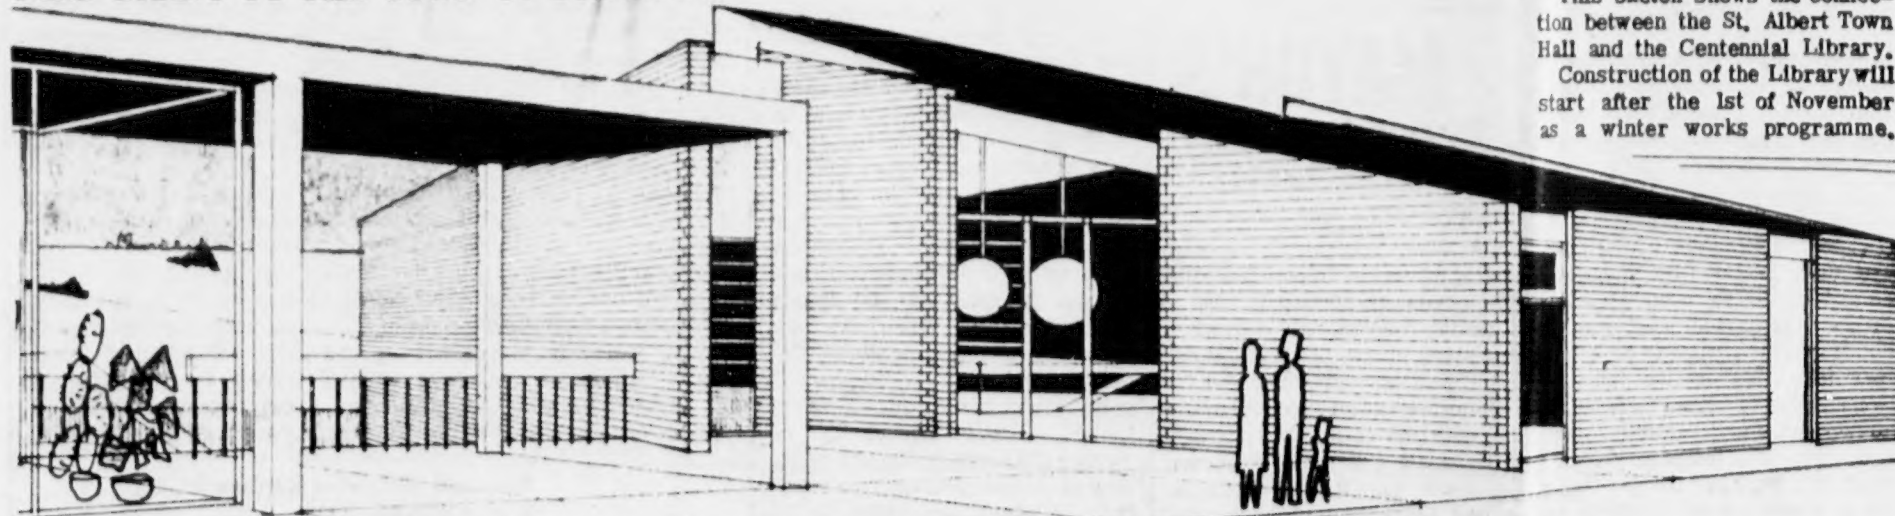

Sept. 6, 1966

I am disappointed that our ad in last week's Gazette re Sunday sports has brought no indication that there are any groups in our Town interested in the possibility of promoting Sunday Sports. Mind you this is a purely personal matter on the part of individuals and whether they want to attend a Sunday Sport or not but there have been a few people approach me regarding this possibility and my advice to them was that we would advertise in ample time to allow representation to Council. To date we have had no indication that it may be required. If this is still the case at next Monday's Council Meeting I would imagine Council will be reluctant to place a Plebiscite before the voters.

Construction will begin immediately on our new half million gallon water reservoir. Fortunately the low tender was approximately \$8,000 below the approved borrowing. I hope Council will consider applying the \$8,000 to the swimming pool if approval can be obtained from the Local Authorities Board.

Now that our summer holidays have come to an end it may be time for all of us to start thinking "Centennial" again. The beginning of our giant birthday party is only 115 days away and no doubt my Advisory Committee, after a two month holiday, is anxious to get back to work. The resignation of the Executive Secretary, Mrs. M. Vacirca, due to her husband's transfer, created a vacancy which we hope will be filled this

THIS LIBRARY WILL BE BUILT WITH THE WONDERFUL HELP OF THE STURGEON MUNICIPALITY WHICH DONATED APPROXIMATELY \$ 20,000.00 OF THEIR CENTENNIAL GRANT TO THE TOWN OF ST. ALBERT

This sketch shows the connection between the St. Albert Town Hall and the Centennial Library. Construction of the Library will start after the 1st of November as a winter works programme.

# URBAN RENEWAL MEETING IN ST. ALBERT

## WHAT IS URBAN RENEWAL?

Generally speaking, urban renewal is an inclusive term which is used to describe the process of renewing blighted areas of the municipality and to improve working and living conditions. It involves redevelopment, rehabilitation and conservation, used separately or in combination in designated areas. Redevelopment is a programme of acquisition and clearance of blighted or substandard areas and the rebuilding of those areas for appropriate uses in accordance with a General Plan. Rehabilitation, on the other hand is a programme applicable to deteriorating areas not yet in need of complete redevelopment. It combines action by public investment and individual owners to improve and repair their properties, together with municipal action to improve community facilities. Conservation is, in essence, a programme of action by the municipality to prevent deterioration of sound areas of the municipality by the enforcement of occupancy, maintenance and zoning bylaws.

The type of approach a municipality takes is interdependent on the degree of blight in that municipality. Blight can be defined as a collective term used to express the substandard nature of an urban area and varies from one municipality to another, depending on the particular standards applicable to that municipality.

## AVAILABLE ASSISTANCE

There are three steps a municipality usually goes through in carrying out an urban renewal scheme.

**THE FIRST STEP** is an urban renewal study, which is a broad examination of urban conditions intended to identify blighted or substandard areas to determine requirements and to formulate an Urban Renewal Program. Financial assistance for preparing this study is available from the Federal Government on approval of the Province in the following amounts - 75% of the total cost of a study for the entire community and 50% of the total cost of a study for a portion of the

community. The manner of execution of this step is dependent on the contents of a General Plan which a municipality should have adopted.

**THE SECOND STEP** is the Preparation of an Urban Renewal Scheme. This entails a very detailed examination of the area delineated by the study and will include necessary social, physical and economic studies to support the area renewal proposals. Financial assistance for this step is available in Alberta from two sources: (a) a Federal grant of 50% of the total cost of preparing the scheme, and (b) a Provincial grant of 30% of the total cost, leaving 20% to be borne by the municipality.

**THE THIRD AND FINAL STEP** is the implementation of the scheme. This usually involves acquisition and clearance of land, actual administration of the scheme, the relocation of residents and provision of utility services for the area. Financial assistance towards the cost of implementing the scheme is available in the same proportion as in the preparation of the scheme, 50% Federal grant and 30% Provincial grant. As there are monies recovered from the sale of properties, payment is made back to the Federal, Provincial and Municipal Governments in the same proportion as their initial contribution.

## PROCEDURE TO OBTAIN ASSISTANCE

Before proceeding with the formal application to the Alberta Housing and Urban Renewal Committee, for approval to proceed with either of the three stages, it is strongly recommended that the Council contact the Alberta Housing and Urban Renewal Administrator, and arrange a meeting to familiarize Council with all the facets of urban renewal. Arrangements will be made by the Provincial office to have Central Mortgage and Housing Corporation represented at all meetings. Once this has been done, application for approval to proceed with the study can then be made to the Alberta Housing and Urban Renewal Committee.

The application should contain the following:

- (a) A resolution of Council indicating their intent;
- (b) area and objectives of the proposed study;
- (c) name of the Director of the study;

- (d) number and duty of persons to be employed;
- (e) detailed cost estimate or budget;
- (f) phasing programme and estimated final completion date; and
- (g) preliminary material available through previous studies, maps, etc.

## URBAN RENEWAL MEETING

Hennie Stibbe.

A public meeting was held in the Club house to discuss Urban Renewal. In his opening remarks Mr. Loyd Wheatling mentioned that some 100 letters had been sent out to property owners in the area under study. The meeting was attended by 65 citizens. Mayor Fowler explained that the meeting was called to explain what Urban Renewal is. "I want to impress upon you that you will not lose your equity in your land," the Mayor said. Mr. John Woodruff told those present that so far the Urban Renewal Study had cost \$6,190, with the Town paying \$580 the rest made up by the two senior Governments. Mr. Woodruff further stated that the "purpose of the study is to rectify the pitiful conditions some people live in." He referred to "1 or 2 slums in town." Mr. Woodruff, who is the Town's senior planner, stressed the fact that "all we're carrying out is a study, not a scheme. The Town is in no way decided whether or not they want to proceed with Urban Renewal." Mr. R. R. Orystuk, who is with the Provincial Gov't, assured those present, that "every effort has to be made by all three governments involved that everybody is fairly treated. But at the same time," he warned, "we cannot over-pay we are using public money to implement this scheme." Mr. Orystuk further said that "unless everyone in the area is familiar with what is being done, the success of the program is doubtful." He added that his department is pleased that the Town of St. Albert is taking steps to better acquaint its citizens with the program at such an early stage. Before opening the meeting to questions from the floor, Mayor Fowler remarked: "I would implore you not to leave here tonight with a question still on your mind."

When asked whether the Town had a definite plan for the downtown area the Mayor replied that the Town adopted 2 years ago a general plan. He added however, that this plan does not have to be adhered to a T. In regard to expropriation the meeting was told that the Town has the right to expropriate any property but special assistance may be provided such as public housing for low income groups. To Mr. Bull's suggestion that "the Town has created a situation of blight" the Mayor firmly replied "we are not going to get into a political battle tonight, I won't permit it." In closing the meeting Mayor Fowler invited those present to "feel free to phone our office. It is important for us to maintain contact with you." A second public meeting is planned for October or November.

## MAYOR'S COLUMN

CONTINUED FROM PAGE 1

week, Mrs. Vacirca was the first secretary to the committee which was originally elected in 1963 at a public meeting and served as secretary during her term. While the job is not yet completed the Committee is indebted to her for her services to St. Albert's part in Canada's Centennial Program. No doubt the R. R. Chairman or new Secretary will be running a Centennial Column again in the Gazette to keep all our citizens up to date on our progress and planning.

## THE TOWN OF ST. ALBERT

### Notice of Intention to Close Lane

WHEREAS, the Council of the Town of St. Albert deems it necessary to close a portion of a lane, hereinafter described, to make provision for resubdivision,

NOTICE IS HEREBY GIVEN of the intention of the Council of the said Town to pass a By-law on the 26th day of September, A.D. 1966 for the purpose of closing the most easterly one hundred and eighty feet (180') of the lane situated in Block Three (3) bounded on the North by St. Thomas Street, bounded on the South by St. Louis Street (now known as Sir Winston Churchill Avenue), bounded on the East by Edmonton Street as shown on Plan G, Map of the Town Plot of St. Albert, District of Alberta N.W.T. registered at the North Alberta Land Registration district at Edmonton, N.W.T. on the 3rd day of October A. D. 1887.

AND THAT in accordance with Section 269 (1) of the Town and Village Act, R.S.A. 1955, as amended, the By-law shall be submitted to the Minister of Highways for his approval, prior to the final passing thereof;

AND THAT before the passing of the By-law, a person who claims that land in which he is interested as owner, occupier or otherwise will be affected prejudicially by the By-law and who petitions to be heard, shall be afforded an opportunity to be heard, either by himself, or his agent;

AND THAT a person occupying, owning or otherwise interested in land that sustains damages through the closing of the aforementioned lane, shall be compensated for such damages in accordance with the aforementioned Act.

Dated at St. Albert, This 30th day of August A.D. 1966.

Loyd Wheatling

Secretary-Treasurer.

## Municipal District of Sturgeon

### NOTICE Expropriation for Roadway

In the matter of the north Boundary of Pt. N.W. 1/4 Section 34-55-25-4, W 1/2 of the N.E. 1/4 Section 34-55-25-4 and E 1/2 of the N.E. 1/4 Section 34-55-25-4, the Municipal District of Sturgeon No. 90, proposes to expropriate the land for the purpose of road widening and construction and is ready to pay compensation in the amount of (\$1,022.00) One Thousand and Twenty - Two Dollars for the land to be expropriated.

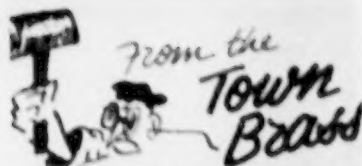

On Sept. 15, 1966, at 2:00 p.m. in the Council Chamber of the Municipal District of Sturgeon No. 90, a By-Law will first be presented to the Council to authorize the expropriation of the aforementioned lands.

A plan of survey of the land to be expropriated is on file in the Office of the Municipal District of Sturgeon No. 90, at Morinville and the plan is available for inspection between the hours of 8:30 a.m. and 4:30 p.m., Monday through Friday.

Before enactment of the By-Law, the owner of the land to be expropriated is entitled to make representations to the Municipality and set forth his reasons why the land should not be expropriated.

If compensation cannot be mutually agreed upon for the land to be expropriated then the amount of compensation will be ascertained by the Public Utilities Board, at a future date.

Municipal District of Sturgeon No. 90,  
S. M. WALKER, Reeve,  
A. J. NOBERT, Secretary-Treasurer.

continued from page 1

plan or design for landscaping be submitted, including tree plantation. However, it was not expected that this would be prepared until the end of this week.

### NEW PUBLIC HIGH SCHOOL - Access Road and Sidewalk:

Councillor Donalds advised that the new Public High School is scheduled to be open on Sept. 1st, and he asked what was the position with regard to an access road. Mr. Wheatling informed Council that the Town is to supply a sidewalk and the District would take care of a temporary access road. Mr. Maandag advised that as funds would not be available for the construction of the sidewalk until October 1st, it was doubtful if this would be built this year.

# \$50,000.00 FOR WINNER LIONS CONTEST

MORINVILLE, ALBERTA

The youth of Morinville and Sturgeon District have been given a challenge to develop a plan for world peace by their local Lions Club - a challenge that could earn one of them \$25,000 educational and/or career assistance grant.

The Morinville Lions Club, together with Lions Clubs throughout the world, is sponsoring a world-wide essay contest for the world's youth on the most important world subject today - Peace. The contest offers \$50,000 in total awards, including the \$25,000 first prize, eight semi-final world regional awards of \$1,000 each and travel expenses for the eight winners to Chicago, Illinois in July, 1967. At that time the first prize winner will be chosen from the eight. Also more than 20,000 local, district and sub-district awards will be made.

"We are hopeful one of our young people will win this world-wide prestige award," President Norman Tremblay of the Morinville Lions Club said while announcing the contest.

The contest, open to young

people who will be 14 but less than 22 years of age as of January 15, 1967, was announced by the President of the Lions International, Edward M. Lindsey of Lawrenceberg, Tenn., during the Lions Annual International Convention in New York. This contest sponsored by more than 20,000 Lions Clubs in more than 130 countries in the free world, will be the largest Peace Essay Contest in the world today.

The Morinville Lions Club has offered a first prize of \$25, and two runner-up prizes of \$15 and \$10. A golden certificate will be awarded to the first prize winner in addition to that. The local first prize winner will be entered in the District 37B contest, where he (she) will contest for the District prize of \$1,000 against 60 more entries expected to qualify for this from 60 other clubs in this district.

"If our contestant wins the District prize, he (she) would qualify for the multiple-district, and then the world region prizes, before being entered for the international grand award," said President Norm Tremblay. "We

hope a young man or lady from our area does win through all these stages and bring honours to Morinville and district."

President Tremblay has appointed an independent committee of judges. The judging of the essays will fall into four categories: 75% of the essay's points will be devoted to content, ten per cent to organization, ten per cent to style and five per cent to mechanics. The mechanics segment will be used to appraise the grammatical construction of the essay.

Closing date for the Club's contest is December 10, 1966.

Young people wishing to enter the contest should contact Mr. Jeet Khullar, Secretary of the Morinville Lions Club, to get full details of the contest.

The Lions Clubs of Bon Accord and Gibbons are also planning to sponsor the Peace Essay Contest. Applicants in these areas should get in touch with the secretaries or presidents of their local clubs, and those in Legal area can contact the nearest Lions Club. Details of the contest will be sent to the Principal of each school as well.

## PUBLIC NOTICE

### Noise and Nuisance By-law

For information purposes we bring to your attention the following amendments to the above By-law.

- (a) No person shall within the limits of the Town of St. Albert make or cause to be made any unusual or unnecessary noise or noise likely to disturb persons in the neighbourhood.
- (b) No person shall permit or allow any unusual or unnecessary noise or noise likely to disturb persons in the neighbourhood to be made upon any premises occupied by him or under his control within the Town of St. Albert.
- (c) The penalty for an infraction of this By-law shall be a fine of not less than \$10.00 and not in excess of \$50.00
- (d) Any person who shall commit an offence under this By-law, may be issued by a police officer, with a written form specifying that the person may pay to the Secretary-Treasurer at the Town Hall, St. Albert, the sum of \$10.00 for which an official receipt may be issued in lieu of prosecution for the offence specified upon the written form.

Lloyd Wheatling  
Secretary-Treasurer.

September 7th, 1966.

Mr. and Mrs. Robert McMaster, 14 Savoy Place, St. Albert, were in New York City last week (August 29), visiting his New York Life Insurance Company home office, where they enjoyed a sky-

line view of Manhattan from the 31st floor observation area. The Empire State Building shows in the background. The McMasters were East to attend New York

Life's honor club meeting in the Thousand Islands (Alexandria Bay, N. Y.) for its leading Canadian agents. Mr. McMaster is assigned to the Edmonton General Office.

## Fishing Review - Fall 1966

George Mitchell, Chairman Fish Committee

By the time that you receive this, the summer such as it was, will be almost over. Almost every weekend up to the first of August was spoiled with rain, we did however manage to salvage some part of them and did manage to get in some good fishing. Such lakes as Wildhorse and Fairfax were very good early in the season and during the month of June. Patricia lake in Jasper Park was also very good for rainbows up to three pounds, the other park lakes were also very good. While most of them are very slow at the time of writing 3rd August they will all be good again by the first of September weekend, in fact this is when some of the best fishing of the year is to be had. The crowds of summer have gone and the fall has tempered the heat to where a good jacket is appreciated.

For trout this fall I recommend the following lakes, Wildhorse and Fairfax, Patricia and Medicine. You can expect to catch rainbows up to six pounds in some of them, Medicine probably having the edge. Trout during September are easy to catch on trolled nymphs any of the usual patterns will do. The rainbows really go for a dry deer hair in the fall.

If you do not wish to go far, or would like to run out in the evenings, try cottage, Star, Sauer, Little Chichako or the Leduc Pond. They all have some big rainbows in them and were all stocked heavy with yearlings this summer, while they are not as tasty in the pan as those from the foothill and park lakes, there is nothing wrong with the way they perform on the end of a line.

Fishing for Pickerel was very good this summer and has continued good up to date. Moose Baptiste, Calling, Fawcett Buck and many others were excellent. Everyone that I talked to report excellent success on the Pickerel Jigs. In fact many report that they now fish with nothing else. Once you learn how to use the jigs you will find it much easier than trolling a plug, or trying to catch shiner minnows. You will also find that your success in terms of fish caught is much greater. I have submitted an article on fishing for Pickerel to the "ALBERTA SPORTSMAN" which will give you an idea on how to do it. Pickerel and Perch fishing is good in the fall until the middle of Oct.

The Rocky Mountain Whitefish are now biting good in the upper Red Deer, North Saskatchewan, Mcleod and Athabasca Rivers and their tributaries. I would suggest if you live in the vicinity of Edmonton that you spend the first of September weekend along the upper reaches of the Mcleod somewhere between Medicine Lodge and Cadomin. The Mary Gregg pool will be busy that weekend. Thou sands of rockies congregate here to spawn, you will also get Grayling all along this stretch, also small rainbows and brookies, as well as Dolly Varden or Bulltrout as they are commonly called. In my opinion from this point upstream to just below Cadomin is the best stretch of the river. There is no shortage of fish if the water is low and clear, your luck will depend on your ability. If you have never stream fished before this is the place to learn. If you are looking for a trophy sized Rocky try the Snaring, Snake Indian, Rocky or Maligne rivers in the park, they are all good in September and have a lot of big fish. The grasshoppers may be scarce, so take along a packet of maggots, they make good bait for all the stream fish. For the big

bulltrout, try a wobbler such as a red and white Len Thompson, to which a strip of whitefish belly has been attached. Fish this close to the bottom in the deep pools, they cannot resist it.

With September comes the fishing for the lake whitefish, the most sought after fish in Alberta. They are a bit slow at the start of the month, but really going strong by the first of October, and they continue biting good until the ice covers the water. We found last fall that when we were not having much luck fishing in the usual manner, casting out with a bubble and the whitefish jig. We took off the float and jigged straight down from the boat in about eight to ten feet of water. We then had good results, apparently some days they are deeper than others and we were away above them, when we used the float method. While Wabamun always seems to come up with the most, such lakes as Hanmore and Lac Ste Anne do have larger fish. Fickle Lake south West of Edson has some big ones if you are out that way hunting in the early season, take along the spinning rod and half a dozen jigs, you could get a trophy fish from here.

### SPECIAL NOTICE

If you intend to fish Wabamun for whitefish this coming fall, especially off the C.N.R. Banking in the vicinity of the Trestles on the East end of the lake. You had better make provisions to take a boat along. The C.N.R. investigation branch inform me that they have erected NO TREASPASSING signs on the Trestles and along the right of way. Any person found trespassing on C.N.R. property will be liable for prosecution so do not forget. Take a boat along, you have been forewarned.

I took a short walk with my daughter along beautiful lake Annette in Jasper Park this summer and noted that the water line was down at least two feet from last year, this did not alarm me, for I know the majority of the mountain lakes have a fluctuating shoreline. What did alarm me was the hundreds of beer bottles, soft drink bottles, worm cans, cellophane bags, cigarette packets and chocolate bar wrappers left on the rocks by the receding waters. I saw the same on Patricia, Wildhorse and all the other places that I visited this summer. The rivers and streams getting the same treatment. This is a disgraceful situation, all caused by people who class themselves as Sportsmen and conservationists.

I have said this before and it is worth repeating, when a man fishes a river the only thing left behind to mark his passing should be his footprints. If he is strong enough to carry bottles, cans and other articles into the woods, he should be man enough to see that they are not left as debris to litter the landscape. Far too often we point the finger of scorn at industry for pollution of the rivers and streams, it appears that we as sportsmen should take a closer look at some of the pollution that is being left by hunters and fisherman and those that just come to look. Possibly if we showed them the way they would follow.

### LAKE WHITEFISH DERBY

Lake Wabamun, Sunday October 2, 1966

# Lowest Tender

# \$8,000.00

# Under

# Estimate

Lowest Tender for 500,000.00  
Water Reservoir is \$8,000.00  
under estimate.....

The lowest bid on the new Water Reservoir for the Town of St. Albert came from Camwil Construction for a total of \$66,433.00 With the engineering costs added the total cost will be approximately \$72,813.00 which is \$8,087.00 lower than the \$80,800.00 estimated costs.

Construction will start immediately and will be completed within 3 months.

## Institute of Technology

An unprecedented number of students will be attending the Southern Alberta Institute of Technology this year, according to the advance registration figures recently released by the Registrar's office.

So far, eleven courses have been oversubscribed compared to six oversubscribed courses this time last year. Most of the Institute's other courses are also filling rapidly with several having room for only a few more students.

Total first year registrations so far are 871 compared to last year's 771.

Institute Principal, D. C. Fleming, points out that although he expects most courses to be

operating at capacity this year, there are two or three where advance registrations have been somewhat slow.

"We can still accept more students in Land Surveying, Mechanical Technology, and Power Engineering," he says, and adds that employment opportunities in these fields are better than average for qualified graduates.

The first registrations of new students will take place on Tuesday September 6th, when first and second year students in Aircraft Maintenance and Power Engineering as well as second year and year B students in Mechanical Technology report to the Institute for special welding courses.

## DEAR DORIS

advice from  
Doris Clark

### A Harmless Tryst?

**DEAR DORIS** — I expect to retire soon and that is what I am afraid of. I have raised a family — all married now. My marriage is particularly joyless.

Recently I met the girl I should have married many years ago. I feel we have travelled parallel paths and our recent communication proved that we have never forgotten those few weeks when we were single.

What harm would a day or two with this old girl friend do, from a yearly vacation? Don't you think the rejuvenation from such a communication could be a shot in the arm when we are back to work in our own communities?

Sad Grand-Dad

**DEAR SAD** — Exciting prospect — but wouldn't it be like rubbing salt in an old wound? Even assuming the contact would be merely that of a friend with mutual interests, could it stay that way?

Much as I sympathize, I simply can't give you a go-ahead on this.

**DEAR DORIS** — Our math teacher is impatient with those who are a bit slow, and he rushes through each chapter as if it were a race. When we ask for extra help we are politely refused.

I have failed this exam, for I wasn't able to finish (along with many others). I am not as fortunate as one of my friends who has a math teacher living nearby who helps her for one hour a night. Doris, is there anywhere I can get help?

**One Plus One Equals Three**  
**DEAR ONE** — If your teacher can't give extra help, go to the principal. Ask for a suggestion about someone who would coach you. Or see whether the teacher who helps your friend would tutor you, for a fee, for a time.

If the teacher is not adequate this will become obvious. But even the most brilliant of students occasionally needs individual help.

**DEAR DORIS** — For the past two years I have run very wild and got an extremely bad reputation as a make-out girl. The

boys used to take me out for only one reason.

Now I've met this wonderful boy. He knows about what I've done from other people. He still says he loves me; but also says he can't believe me when I tell him I love him. He wants me to go out with other boys but to behave to show I've really changed.

He says only when I've proved that I have, will he believe me.

Every time I see him we seem to fight. He doesn't like me to swear; I never really did (just d— and like that); but now I'm not even supposed to say that. Whenever he gets mad, I'm not supposed to lose my temper at all. Right now I'm so mixed up I don't know what to do. I really have changed, but no one believes it.

Changed But

**DEAR CHANGED** — Hang onto the lifeline. At last someone cares about the real you and is ready to be convinced.

The road to Perdition is still paved with good intentions, and you really need to prove to yourself that you've changed. Not by going out on a chaste date with a member of the old gang; but by learning to respect your body and yourself in any company.

Your new boy friend is no exception. Keep him at arm's length. No need for solo dates with other boys. But you can socialize with others at parties in such a way as to show yourself and him that you are a changed woman.

**DEAR DORIS** — Should your escort pin on the corsage or should you yourself? It's not very often that boys here buy corsages and they may not know.

Josie

**DEAR JOSIE** — Either way. The corsage may arrive ahead of time, from the florist. When Johnnie arrives and you answer the door, your flowers are already perched on your shoulder, with stems down, the way a flower grows.

Or he may bring it along when he comes. You open and admire it; then you, your mother or your boy friend, pin it on.

Toronto Telegram News Service

reception from teachers and students. This year full use of the New Curriculum is intended, with the exception of the Kindergarten and grade 3. Parents are encouraged to comment on its effectiveness as the year progresses. The basic principle on which this program of teaching operates is the recognition that every situation and experience is potentially a learning situation. What the child observes at home or in the day school or at play is potentially as important for its religious development as what takes place in the Sunday School. One hour on Sunday can certainly be a help in interpreting what happened through the week, but we should not expect that it can change the continued influence day in, day out, of homes and friends if that influence is not Christian. Because of this, the primary stress in the new curriculum is on adults and parents, rather than the child. It is their example in the home, at play and at worship which will provide a basis for effective teaching in the Sunday School.

**BUILDING COMMITTEE:** In providing guidance to the architect, your building committee has directed that an overall plan be prepared to cover the orderly development of the church, hall, education wing etc.. Stage One of the building program would be the erection of a hall with permanent chapel to provide immediate facilities for worship, teaching and social activities.

**VESTRY:** Next meeting Tuesday, Sept., 13th, at 8 p.m. at 4 Sable Crescent.

## From Paulus or Apollos?

Most Rev. Michael Ramsey, Archbishop of Canterbury, told a church meeting both Nova Scotia and Canada are fortunate in having received the Old World heritage.

But he had rather a jaundiced view of some of his fellow-countrymen.

The Scotsman, he said, "keeps the Sabbath—and anything else he can get hold of."

The Welshman "prays on his knees, and on his neighbors."

The Irishman "doesn't know what he wants but will fight and die for it."

The Englishman, the archbishop said, is "a self made man who worships his creator."

## SUNDAY PROGRAM

Edmonton Public Library

On Sunday afternoon, September 11th, from 2 to 3 p.m., the Public Library presents another program of stereo music from its record collection. This week, Mendelssohn's Incidental to A Midsummer Night's Dream, and Schubert's Music from Rosamunde with the Vienna Philharmonic Orchestra, Pierre Monteux, conductor, will be presented.

The program will be in the music room, admission free.

Also for your enjoyment there will be a film program at the Public Library Sunday, September 11th, at 3:00 p.m. This week the film will be "The Railroader", starring Buster Keaton.

## UNITED CHURCH

Services at the St. Albert United Church will begin with the regular fall and winter schedule next Sunday at 9:30 and 11:00 a.m.

Registration for children at either church school will take place next Sunday at 9:30 a.m. ONLY. The parents are requested to come to register their children. For any further information feel free to phone Mr. Mack Lyle (599-7169), the superintendent of the Sunday School.

The Junior Choir will begin weekly practices this Thursday at 7:00 p.m. New members from the ages of 11 to 19 are required and invited to join. The Senior choir will also meet on Thursday at 8:15 p.m. Anyone interested in joining the choir will be made welcome.

Volunteers are needed for the nursery for both the 9:30 and 11:00 o'clock services. If you are able to help, please contact Mrs. P. McKendry (599-7293) or the manse (599-8618).

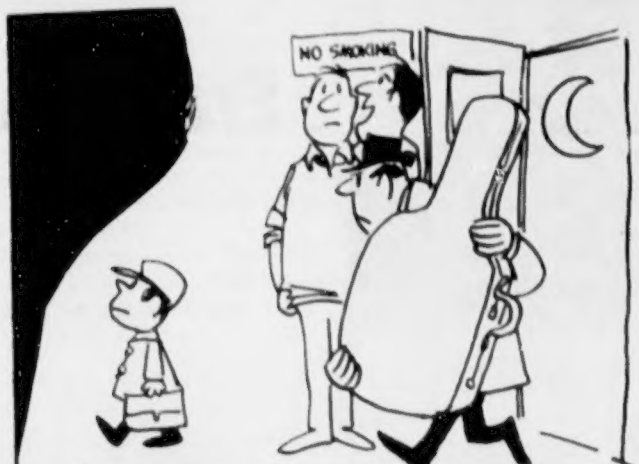

Many new families have moved into St. Albert during the summer

months. We extend a warm welcome to each and everyone, and we extend the hand of fellowship to you at either of our services of worship each Sunday morning.

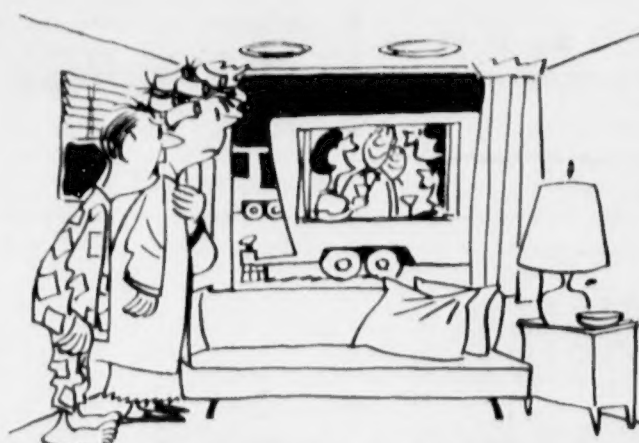

## ANGLIAN CHURCH

SUNDAY SEPT., 11th, 9 a.m. Holy Eucharist, 11 a.m. Morning Prayer. The Sunday School and the Nursery will be in operation at 11 a.m. CHOIR: The choir held its first practice on Tuesday evening Sept. 6th. Any person interested in singing with the choir is asked to contact the choir leader, Miss B. Arnold, at 599-6124. A final practice time will be chosen when the needs of all the members are known.

**THE NEW CURRICULUM:** Last year we made wide use of the New Curriculum. Generally speaking it met with a favourable

"ONE THING I'VE LEARNED FROM WATCHING CLYDE: MY SON PLAYS THE PICCOLO."

"WHAT! ANOTHER ONE OF THOSE GOING-AWAY PARTIES!"

## Bad Luck for Hercules Soccer Team

Last Saturday the Hercules Bantam Soccer team left St. Albert at 7:00 a.m. to participate in the first Western Junior Soccer Tournament, held in Calgary and sponsored by the Calgary Boys Soccer Association. Many teams from B. C., Alberta and Saskatchewan, all selected took part in this big event. Approximately 800 boys were involved and had their quarters at the different Army Barracks in Calgary. The Hercules Team lost their first game with 3 - 2 after being for more than half an hour in strong offensive in the opponents part of the field. The 2 goals were scored by outstanding player Keith Ahronson, who played magnificent soccer these 2 days!

The game started at 12:30 p.m. just half an hour after the Hercules Team had arrived in Calgary. The boys didn't have an opportunity to relax and even to have a drink or some food. Nevertheless they played a very good game and were, despite the loss, far the strongest team.

On Saturday evening the boys were guests of the Calgary Boys Soccer Association and were treated royally with delicious chicken etc., etc. The Sunday game, which was the last chance to stay in the tournament, will never be forgotten by the Hercules players. During the whole game they were in attack but couldn't get the winning goal. Numerous times they kicked at the opponents goal but either a leg or shoe or anything was always in their way to stop the ball. This game was lost with 2 - 1 which was quite disappointing for the St. Albert boys. Bad luck stayed with them and nobody could help it. After this game all the boys went to an outdoor swimming pool where they relaxed after all the excitement.

The Hercules officials would like to thank Mrs. Coward and Mr. Andre Gates who were so generous in providing their cars to make this trip possible. Parks Superintendent Andre Gates enjoyed this trip very much, and was surprised to see all the first class soccer fields and tracks around Calgary. Mr. Gates would like to see such a set-up in St. Albert.

Officials and players of the Hercules Bantam Soccer Team, enjoying a rest between the games.

## Recreation News For Everybody

### Provincial Swim Instructors Clinic

The Alberta Amateur Synchronized Swim Association is sponsoring a Provincial Instructors Clinic on Saturday and Sunday, September 17th and 18th in the University of Alberta Pool. Applications must be submitted before September 9, 1966, through the Parks & Recreation Department. For further information contact the Recreation Division at 599-6601, extension 36.

### Fall Classes

On September 20, 1966, the St. Albert Parks & Recreation Department is planning a registration night for activities to begin in the fall. Many of our classes from last fall and winter such as Children's Arts & Crafts, Creative Needlecraft and Painting, Adult Basketry, Dressmaking, Millinery, and Painting will be continued this year, however, new activities and crafts will be introduced. If there is a special interest you would like to widen give us a call at the Recreation Division at 599-6601, extension 36.

### St. Albert Hercules Football Team

Football resumes in St. Albert this year at the Paul Kane High School every day at 5:30 to 6:30 p.m. We supply everything but shoes.

Boys between the ages of 15 and 19 years of age are welcome even if you have never played football before.

### Club Notices

Girl Guide #1 will resume Monday September 12th, 7 - 8:30 p.m. in the United Church on St. Albert Road. Captain, Mrs. Clarence Hayes.

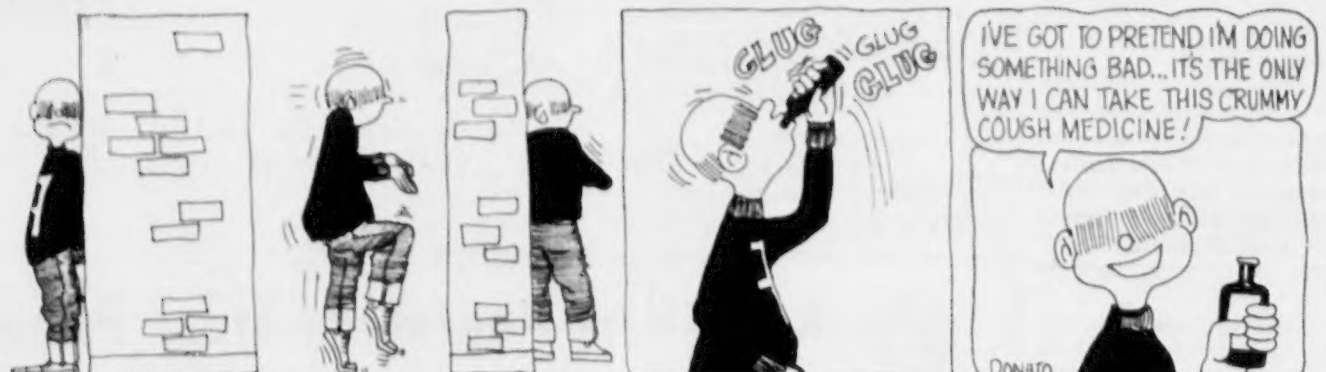

SEA RANGERS any girl 14 years and over wishing to become a Sea Ranger may register on Wed., 14th Sept., 1966, at 9 Gresham Blvd, St. Albert, from 7:30 p.m. Ph. 599-3561.

## St. Albert Hercules Senior Football Team

North Edmonton will be the first opponent in the new season for the Hercules Football players. The game will be held at the Paul Kane Football Field this Sunday.

All citizens are invited to cheer the boys. Head Coach is Emile Pelletier who has given so many years of his time and efforts for St. Albert football fans.

**The Marguerite**

**D'Youville Auxiliary**

Well, ladies its that time of the  
year again, to start in with our  
auxiliary work in order to bring  
to the patients a little enjoyment  
entertainment and comfort.

Our first meeting will be held  
at the Youville Home, Sept. 13th,  
at 8:30 p.m.  
We hope to see all our members

and extend a welcome to anyone  
wishing to join in a worthwhile  
and non - denominational organ-  
ization.

Anyone wishing or interested in  
joining, simply attend our first  
meeting or contact Mrs. Dalzell -  
599-6556.
